

# Transforming the landscape of youth engagement.

**YOUTH  
ENGAGEMENT  
PROJECT**

Youth Engagement Project (YEP) has been founded to empower educators and organisations, through training, support and consultation, to create a greater and more sustainable impact in the youth space through increased engagement and authentic delivery.

YEP works directly with schools to deliver high-impact, bespoke workshops and programs.

## **TEACHER PROFESSIONAL DEVELOPMENT DESIGNED BY TEACHERS, FOR TEACHERS.**

YEP offers Professional Development opportunities that tap into the existing expertise and professionalism of educators, created by teachers, for teachers.

This is not about creating additional work creep; these workshops are about empowering educators to tap into the reason they chose this profession and uncover a new understanding and passion for their day to day mission.

“ *Empowering educators to unleash their influence, engage students and drive meaningful change.* ”

### **PROFESSIONAL DEVELOPMENT WORKSHOPS**

Empower your staff to upskill their existing expertise in the areas of:

- Student Engagement
- Communication and Conflict Resolution
- Team Building and Well-being

### **PUBLIC SPEAKING AND MEETING MANAGEMENT WORKSHOPS**
